

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

LC 53

In the Matter of

IDAHO POWER COMPANY,

2011 Integrated Resource Plan.

RULING

**DISPOSITION: SPECIAL PUBLIC MEETING SET; PROCEDURAL  
SCHEDULE AMENDED**

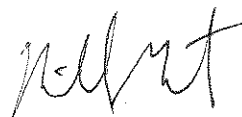

This ruling makes two changes to the procedural scheduled I adopted for this proceeding on March 8, 2013. First, based on input from Idaho Power and other parties, the Commission has selected Monday, April 1, 2013, as the date for Idaho Power to present its 2011 IRP Update. Second, the adopted schedule required Idaho Power to file its reply comments on April 19, 2013. Because the Commission's offices will be closed that day for a mandated furlough, that filing date is changed to April 22, 2013.

Accordingly, the schedule, as modified by this ruling, is as follows:

<b>EVENT</b>	<b>DATE</b>
Staff and Intervenors file Comments	April 5, 2013
Idaho Power Company Presentation at Public Meeting	April 1, 2013 10 a.m.; Main Hearing Room
Idaho Power files Reply Comments	April 22, 2013
Staff Draft Memorandum and Draft Order due	May 14, 2013
Public Meeting—Request for Acknowledgement	June 4, 2013

The Commission will issue a separate notice of the special public meeting with additional information.

Dated this 13th day of March, 2013, at Salem, Oregon.
