OF OREGON**

LC 57

In the Matter of

PACIFICORP, dba PACIFIC POWER,

2013 Integrated Resource Plan.

RULING

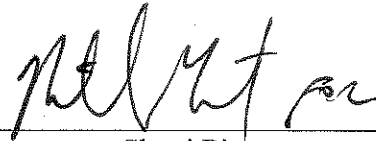

**DISPOSITION: MOTION FOR LEAVE TO FILE SUPPLEMENTAL
COMMENTS GRANTED**

On December 11, 2013, Sierra Club filed a motion for leave to file voluntary supplemental comments in this docket, to respond to the expected January 10, 2014 issuance of a final rulemaking promulgating a regional haze federal implementation plan (FIP) for the state of Wyoming. Sierra Club states the final FIP will have a significant impact on Pacific Power's regulatory requirements, and requests the opportunity to file comments limited in scope to only address issues related to the FIP. Sierra Club states that Commission Staff, the Citizens' Utility Board of Oregon, the Renewable Northwest Project, and the Natural Resources Defense Council support its motion. No objections have been filed by other parties with the Commission.

Sierra Club's motion for leave to file supplemental comments is granted. Staff and intervenors may file supplemental comments, limited to addressing only issues related to the final FIP implementing the regional haze rule in Wyoming, by January 17, 2014.

The remainder of the procedural schedule is unchanged.

Dated this 20th day of December, 2013 at Salem, Oregon.
