

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

LC 67

In the Matter of

PACIFICORP, dba PACIFIC POWER,

2017 Integrated Resource Plan.

RULING

DISPOSITION: COMPLIANCE FILING DEADLINE EXTENDED

On April 27, 2018, the Commission issued Order No. 18-138 in this proceeding. Among other updates, this order required that PacifiCorp provide quarterly updates to the Commission and Staff as development of the projects chosen in the 2017R RFP and the transmission projects proceed, through the date the projects go into service.

Through this ruling, I clarify for PacifiCorp, that given the business practice and operational constraints placed on PacifiCorp, the Commission, and other stakeholders and utilities given the COVID-19 response, PacifiCorp may delay the filing of required quarterly update to May 29, 2020.

Dated this 27th day of March, 2020, at Salem, Oregon.
