**DISPOSITION: PORTLAND GENERAL ELECTRIC COMPANY
ORDERED TO RE-SUBMIT EXHIBIT 409**

On July 30, 2008, Portland General Electric Company (PGE) submitted the documents that I requested during the hearing on July 23, 2008, including the transcript of the deposition of John R. Martin.¹ PGE designated the entire transcript as confidential, including portions previously submitted as PGE/301 and designated non-confidential. It is clear from a review of the transcript that the confidential designation is not appropriate for much of the transcript. I therefore order PGE to re-submit the deposition transcript by August 11, 2008. PGE may designate as confidential only those portions that are appropriately designated as such under the terms of the protective order in this docket.

Dated at Salem, Oregon, this 5th day of August, 2008.

Sarah K. Wallace
Administrative Law Judge

¹ I have designated the transcript as PGE/409.
