DISPOSITION: MOTION GRANTED; SCHEDULE MODIFIED

On September 8, 2008, the Industrial Customers of Northwest Utilities (ICNU) filed an Expedited Motion to Modify Schedule (Motion). In the Motion, ICNU asks that the dates for filing Commission staff (Staff) and Intervenor Surrebuttal testimony be delayed two business days from September 11, 2008, to September 15, 2008, and that sur surrebuttal testimony of Portland General Electric Company (PGE) be delayed until October 1, 2008.

ICNU also asks that, with respect to PGE's responses to data requests, the Commission clarify that the in-hand due date for all PGE responses, including confidential attachments, is five business days from the receipt of the data request.

In support of its Motion, ICNU asserts that it needs the additional time to complete the preparation of testimony and that the brief delay will enable the Commission to have a more complete record in this case. ICNU also represents that it has contacted all parties and they either concur in or indicate that they will interpose no objection to the Motion.

I find that ICNU has shown good cause for granting the Motion and that it will not unduly delay the proceedings or burden the record.
