In the Matter of
IDAHO POWER COMPANY
2010 Annual Power Cost Update.

RULING

DISPOSITION: MOTION GRANTED

By motion filed February 4, 2010, the Oregon Industrial Customers of Idaho Power (OICIP) request an extension of the filing date set for Commission Staff and Intervenor testimony on rate spread in in this proceeding, Idaho Power Company's Annual Power Cost Update. OICIP asks that the date be extended from February 8, 2010, to February 16, 2010. Commission Staff and the Citizens Utility Board (CUB) join in the motion; Idaho Power Company does not oppose it.

According to OICIP, CUB, Staff, and OICIP now plan to file joint testimony on the rate spread issue. Extending the filing date for the rate spread testimony to February 16 will provide CUB, Staff, and OICIP adequate time to prepare the testimony.

For good cause shown, OICIP's motion is GRANTED. The date for the filing of rate spread testimony is extended to February 16, 2010.

Dated at Salem, Oregon, this 4th day of February, 2010.
