In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

Request for a General Rate Revision.

RULING

DISPOSITION: MOTION GRANTED; NET VARIABLE POWER COST
SCHEDULE SUSPENDED

On July 12, 2018, Portland General Electric Company filed an unopposed motion to suspend the net variable power cost portion of the procedural schedule. PGE represents a settlement agreement in principle has been reached..

The prehearing conference memorandum issued on March 20, 2018, includes two procedural schedules. The net variable power cost schedule, which is the subject of PGE's motion, includes dates for the filing of MONET updates. In its motion to suspend the procedural schedule, PGE does not request MONET update dates be suspended.

PGE states all parties support the motion. For good cause shown, PGE's motion is granted. The schedule for the net variable power cost portion of this proceeding is suspended, excluding the MONET updates.

Dated this 12th day of July, 2018, at Salem, Oregon.
