MEMORANDUM REGARDING
UPDATED SCHEDULE FOR
EVIDENTIARY HEARINGS

An updated witness schedule for hearings on September 10th and 11th evidentiary hearings is set forth below. The morning sessions will begin at 9:00 a.m. each day. In general, there will be a break of approximately fifteen minutes around the midpoint of each the morning and afternoon sessions, where applicable. Additionally, I anticipate a break of approximately 45 minutes for lunch each day. **Please note that this schedule is approximate and may shift based on the time needed for Commissioner questions, potential follow up cross examination from other parties, and any redirect.** To the extent we are ahead of schedule at the end of a morning session, we will likely begin with a witness scheduled for the afternoon session before breaking for lunch.
