ERRATA
RULING

DISPOSITION: ERRATA TO JUNE 25, 2020 RULING

A June 25, 2020 ruling granted a motion from Portland General Electric Company (PGE) to add July 9, 2020 as a date for Staff and Intervenors to file opening testimony on the Douglas contract only. The remainder of the procedural schedule was unchanged. The June 25 ruling inadvertently omitted the previously-established date of June 26, 2020 for general Staff and Intervenors Opening testimony. This errata shows the full schedule with both the June 26 date and the additional July 9 date.
