DISPOSITION: MODIFIED SCHEDULE ADOPTED

On July 15, 2008, PacifiCorp dba Pacific Power (Pacific Power or the Company) filed a Motion to Modify Schedule (Motion) in the above-captioned docket and requested expedited consideration. Pacific Power proposes a modified procedural schedule to allow the Company additional time to prepare, in consultation with the Independent Evaluator (IE), comments and a revised final draft 2008R-1 Renewable Request for Proposals (2008R-1 RFP). Pacific Power hopes to use the additional time to narrow the issues in the proceeding and further refine proposed language in the 2008R-1 RFP.

The modified schedule, as proposed by Pacific Power, calls for the Company to file reply comments and a redlined revised final draft 2008R-1 RFP on July 28, 2008, with reply comments to be filed by Staff and parties on August 13, 2008. The modified schedule anticipates that the issues in the proceeding will be scheduled for presentation at a Commission Public Meeting on September 9, 2008. Pacific Power represents that all parties were contacted and that each party either supports or is neutral about the proposed modifications to the schedule.

Accepting that no party opposes the modified schedule as proposed by Pacific Power, I adopt it.

Dated this 17th day of July, 2008, at Salem, Oregon.
