At the October 29, 2019 Special Public Meeting in docket UM 1930, the Commission requested an informational update on the status of the resource value of solar proceedings. On October 31, 2019, I issued a memorandum requesting that Staff provide a presentation summarizing the compliance filings, addressing the status of the compliance filings, and outlining any next steps. The presentation is currently scheduled for the January 14, 2020 Public Meeting. Due to scheduling constraints with Public Meeting agenda items, I request that Staff provide the presentation at the February 13, 2020 Public Meeting instead.
