

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UM 1716

In the Matter of

PUBLIC UTILITY COMMISSION OF  
OREGON,

Investigation to Determine the Resource  
Value of Solar.

SCHEDULING  
MEMORANDUM

To conclude Phase I of this proceeding, the Commissioners have requested another opportunity to question the witnesses in the hope of adding more specificity to its order that will finalize the straw proposal that was issued in Order No. 17-085. The Commission's goal is to issue a detailed order with specific directives that will guide the utilities in their initial RVOS compliance filings in Phase II. The rationale is that, by developing a more specific order to conclude Phase I, the Commission will head off some of the parties' disagreements that could arise in Phase II.

The Commissioners are available on the following dates:

- Wednesday, July 26 (p.m.)
- Thursday, July 27 (a.m.)
- Tuesday, August 1 (a.m. or p.m) (**preferred date**)

Staff is directed to confer with the parties and respond to Candice Menza with an agreed-upon date by Monday, July 3.

Before the hearing I will issue another memorandum with an outline or agenda. The agenda likely will include examination regarding how certain RVOS elements either overlap with or diverge from utilities' avoided cost pricing; witnesses should be prepared accordingly.

Dated this 29 day of June, 2017, at Salem, Oregon.
