

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UM 1716, UM 1910, UM 1911, UM 1912

In the Matters of

PUBLIC UTILITY COMMISSION OF  
OREGON,  
Investigation to Determine the Resource  
Value of Solar (UM 1716)

PACIFICORP, dba PACIFIC POWER,  
Resource Value of Solar (UM 1910)

IDAHO POWER COMPANY,  
Resource Value of Solar (UM 1911)

and

PORTLAND GENERAL ELECTRIC  
COMPANY,  
Resource Value of Solar (UM 1912).

**SCHEDULING  
MEMORANDUM**

This memo clarifies that parties' efforts or comments on the application of the Resource Value of Solar (RVOS) to community solar should occur in the new community solar implementation docket, UM 1930, which the Commission opened at its January 30, 2018 Regular Public Meeting.

The Commission previously asked parties to address the application of RVOS to community solar in docket UM 1716. In the last order in that generic docket, Order No. 17-357, the Commission stated:

We have not determined how RVOS will apply to community solar (nor any other application), but see value in having parties begin implementation discussions within this phase and not wait until the end of Phase II. We direct Staff to hold an implementation workshop to identify issues related to application of RVOS to community solar and report back to us in a public meeting before April 2018.

Given its action at the January 30, 2018 Regular Public Meeting to open a specific community solar implementation docket, the Commissioners noted that the above workshop and reporting requirement related to the application of RVOS to community solar should be moved over from docket UM 1716 docket to the new docket UM 1930.

Dated this 2nd day of February, 2018 at Salem, Oregon.
