Please see the email below from Judge Rowe.

Thank you,

This afternoon the utilities with RVOS dockets filed a joint motion to extend the deadline to file cross-examination statements, which are due today. The utilities seek a two-day extension, so that the statements would be filed May 9, 2018.

Given the need for expedited action on this request, I grant the motion, but note that this extension may impact the remaining schedule in these dockets.
