

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UW 174

In the Matter of

GOVERNMENT CAMP WATER
COMPANY, INC.,

Request for a General Rate Revision.

RULING

DISPOSITION: MOTION GRANTED

On October 3, 2018, Government Camp Water Company filed a motion stating that the company and the Staff of the Public Utility Commission of Oregon have reached a settlement in principle of all issues in this case and requests that the procedural schedule be suspended to allow the parties an opportunity to finalize and execute their stipulation.

In its motion, the company acknowledges the uncertainty regarding the further participation of the Alpenglade Park Property Owners' Association and proposes a procedure for addressing the association's comments within the framework of the company's plan, depending on whether the association chooses to file a petition to intervene. According to the company, Staff supports its motion. The company and Staff plan to file their stipulation and supporting testimony by November 9, 2018.

The company asks for expedited consideration of its motion, given that the impending due date for the company's testimony October 5, 2018.

For good cause shown, I grant the motion, including the procedure for addressing the comments filed by Alpenglade.

Dated this 3rd day of October, 2018, at Salem, Oregon.

Patrick Power
Administrative Law Judge
