In the Matter of)
)
PORTLAND GENERAL ELECTRIC) PREHEARING CONFERENCE
COMPANY) MEMORANDUM
)
2008 Annual Power Cost Update Tariff)
Filing.)

DISPOSITION: PETITION TO INTERVENE GRANTED; SCHEDULE ESTABLISHED

On April 17, 2007, a prehearing conference was held in Salem, Oregon. Portland General Electric Company, Commission Staff, PacifiCorp, dba Pacific Power & Light Company, and Industrial Customers of Northwest Utilities (ICNU) appeared in person; the Citizens' Utility Board of Oregon (CUB) appeared by phone.

On April 6, 2007, CUB had submitted its notice of intervention, pursuant to ORS 774.180. On April 17, 2007, ICNU submitted a petition to intervene. At the prehearing conference, no party objected to ICNU's petition. Pursuant to OAR 860-012-0001, I find that ICNU has sufficient interest in the proceeding, and ICNU's appearance and participation will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. The petition is granted.

At the conference, the parties proposed the following schedule:

- Staff and intervenor reply testimony June 6, 2007
- PGE rebuttal testimony July 9, 2007
- Hearing August 2, 2007
- Briefing schedule to be determined at hearing
- Proposed Commission Decision date October 18, 2007
- Contract lockdown and MONET filing November 1, 2007
- Updated MONET filing November 8, 2007
- Final MONET filing November 14, 2007.

In addition, a settlement conference was to be held in conjunction with the conference in UE 188, related to Biglow Canyon. The schedule was adopted.

Dated at Salem, Oregon, this 18th day of April, 2007.

Christina M. Hayes
Administrative Law Judge
