The Administrative Law Judge (ALJ) noted that CUB filed a Notice of Intervention on June 3, 2010 and had become a party to the proceeding. The ALJ indicated that, prior to the prehearing conference, he had reviewed the Petitions to Intervene filed by Qwest, tw telecom of Oregon, llc, Covad Communications Company, XO Communications Services, Inc., Integra Telecom of Oregon, Inc; Advanced TelCom, Inc.; Electric Lightwave, LLC; Eschelon Telecom of Oregon, Inc.; Oregon Telecom Inc. and United Telecommunications Inc., d/b/a Unicom, Level 3 Communications LLC and Parker and found them to have satisfied the requirements of ORS §756.525 and OAR §860-012-0001.

Counsel for Priority One Telecommunications, Inc. (Priority One) and Charter Fiberlink OR-CCVII LLC (Charter) indicated that a petition to intervene had been filed for Priority One and that a petition to intervene would also be filed for Charter.

No entity at the prehearing conference interposed any comment or objection to the Petitions except with respect to questions raised regarding the scope of matters to be explored in the hearing raised in the Petition of Parker. The ALJ indicated that the scope of the issues was an evidentiary question that did not go to the overall question of allowing participation in the proceeding by Parker as a party. Any questions regarding the scope of issues sought to be raised by Parker could be addressed in the evidentiary phase. The ALJ granted all of the previously reviewed petitions to intervene without conditions.

During a recess in the conference, the parties agreed upon a proposed schedule for the opening phase of the proceeding. When the conference resumed, the proposed schedule was offered to the ALJ as follows:
