This special public meeting notice provides additional detail on the planned meeting structure and identifies issues for which we anticipate specific comments. The Commissioners may provide opening remarks highlighting their outlook on this proceeding and indicating their key areas of focus for the meeting and the rulemaking. This will be followed by a brief presentation provided by Staff.

Following Staff's presentation, rulemaking comments will be received by interested persons and participants in this proceeding. We would like to hear comments on the specific issues in the order listed below, subject to time constraints. For the format of the discussion, we may engage with those providing comments to gain clarity of the issues and recommendations being presented. We may follow up with Staff and ask additional questions of presenters.

We recognize that participants may not want to address all the issues. Therefore, participants should be prepared to indicate to the presiding administrative law judge by sending an email to PUC.Hearings@puc.oregon.gov no later than April 3, 2023, 5:00 p.m. if they would like to

address an issue, so they may be invited to present their ideas during that part of the special public meeting.

The agenda is as follows:

- I. Rulemaking hearing introduction by presiding ALJ.
- II. Commissioners' opening comments.
- III. Brief presentation by Staff – background on the rulemaking.
- IV. Specific comment issues:
 - a. Cap framework on non-curtable loads (proposed 860-038-0290(7));
