

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 2005

In the Matter of

Public Utility Commission of Oregon,

Investigation Into Distribution System
Planning.

**NOTICE OF APRIL/MAY
WORKSHOPS POSTPONEMENTS**

Due to the ongoing COVID-19 public health situation Staff has postponed the following three workshops for the UM 2005 docket:

Workshop	Original Date
# 4: New opportunities pt. 1	April 8
# 5: New opportunities pt. 2	April 15
# 6: Future OPUC processes	May 6

Due to current uncertainty around public gatherings Staff will restructure these workshops as online sessions. This approach will allow us to continue to move this docket safely forward while striving to maintain an active discussion and shared learning dynamic among all the stakeholders.

Our current plan is that topics from workshops 4, 5, and 6 will be discussed in numerous online sessions presented over several weeks beginning in late-April and concluding in mid-May. Additional details of this plan will be posted as soon as is practical.

Staff still anticipates presenting a recommendation for utility filed Distribution System Plans during Fall 2020. However, subsequent stages and meetings in the docket will also be rescheduled.

Thank you for your continued engagement in this docket.
