UM 2225 – Investigation into Clean Energy Plans Resiliency Workstream Scheduling Announcement

Dear UM 2225 Participants:

On September 29, 2022 the OPUC Staff, supported by RMI and the Department of Energy's Pacific Northwest National Labs (through the Grid Modernization Lab Consortium) presented to stakeholders and utilities its findings on resiliency planning methodologies and practices. This workshop was recorded and will be posted to the docket.

Previously the OPUC Staff requested comments on the [DOE GMLC Resiliency Planning Landscape](#) to be filed by October 7, 2022. Stakeholders have requested an additional week to finalize these comments and Staff supports extending this timeframe. Thus, written comments to the report are to be due on October 14, 2022.

Additionally, Staff is scheduling a technical conference in which it will present key findings from the report and comments received, scheduled on December 15, 2022 from 9:30 AM-12:00 PM.

Staff is grateful for your flexibility, patience, and participation in this docket.

Questions and comments can be directed to Heide Caswell at heide.caswell@puc.oregon.gov or (503)400-0619 or Caroline Moore at caroline.f.moore@puc.oregon.gov or (503)-480-9427.

To receive meeting notices and agendas for this docket, send an email to puc.hearings@puc.oregon.gov, and ask to be added to the service list for Docket No. UM 2225. You will then receive emails with workshop details, when new documents have been added to the docket, or there is a change to the schedule.
