UPDATE

Good morning,

ALJ Allan Arlow wanted me to check in with you regarding the new docket for PGE's Net Variable Power costs. He says that although PGE will not need to refile its testimony on NVPC/APCU issues, the parties should designate which testimony they would like to have transferred/ copied into the UE 266 docket. ALJ Arlow requests you arrange for a joint filing by the parties to address this.

Thank you.
