SUBJECT: Verification of Idaho Power Company (Idaho Power) UE 350 Tariff Rates Effective June 1, 2019. Compliance Filing Advice No. 19-08.

In Order No. 19-189 entered May 29, 2019, in Docket No. UE 350, (The Order) the Public Utility Commission of Oregon (Commission) approved an annual power cost request. In response to The Order, Idaho Power submitted its Compliance Filing Advice No. 19-08 on May 30, 2019. The filing complies with the Commission's decision in UE 350, the Company's Annual Power Cost Update (APCU).

Staff finds the attached tariff sheets filed by the Company to be true and accurate representations of the agreement entered into by parties and confirmed by Commission Order No. 19-189.

No major changes to verbiage or meaning were made to the tariffs. The only unusual update was to include Schedule 5, a recently approved schedule, in the list of applicable schedules. The rest of the changes made were commensurate with normal updates to power costs which occurs annually.

The checks and analytic tasks required to affirm the accuracy of rates included the following:

- Confirm that the prices contained in the current and filed Tariffs conform to those agreed upon in the UG 350 Stipulation and ultimately approved by the Commission.
- Confirm that all date, revision numbers, and other minor changes are correct and proper.

Staff verified that the specific impacts authorized by The Order will be achieved by the tariff pages as filed.
