Re: Docket Nos. UM 1716, UM 1910, UM 1911, and UM 1912

Dear Filing Center:

This letter responds to the Notice of Cancellation of Hearing and Notification of Commissioner Examination issued on May 10, 2018. In that Notice, the Commissioners cancelled the evidentiary hearing for the dockets listed above that was scheduled for May 21, 2018, and notified parties that it intended to examine witnesses at a subsequent date. The Commission provided three alternate dates, June 25, June 28, and July 2, 2018, and asked the parties to confer and determine their availability for these dates.

I have heard from all parties that filed testimony in at least one of the dockets listed above, which are Staff, PacifiCorp, Portland General Electric Company, Idaho Power Company, Oregon Solar Energy Industry Association, Oregon Department of Transportation, Renewable NW, and the Citizens' Utility Board of Oregon. All of these parties are available for examination **on June 25, 2018**, but not for examination on June 28 or July 2, 2018.

I also heard from James Valdez of Spark Northwest. Mr. Valdez did not file testimony in the documents listed above, but did file testimony in Phase I of UM 1716. He has indicated that he is out of the country on all of the alternate dates, but does not object to the examination proceeding in his absence.

DATED this 17th day of May 2018.

Respectfully submitted,

ELLEN F. ROSENBLUM
Attorney General
