SUBJECT: GOVERNMENT CAMP WATER COMPANY:
(RW 87, Docket No. UW 174). Meter Conversion Compliance Filing per
Order No. 18-488.

I have reviewed Government Camp Water Company's (Company) meter conversion compliance filing and recommend that an acknowledgment letter be sent.

Applicable Law

Filed as RW 87, on January 14, 2022, this filing appraises the Commission of the status of the Company's customers that were converted in 2021 from greater than $\frac{3}{4}$ inch flat rated customers to metered customers and the costs associated with their conversion in accordance with Paragraph 9 of the Stipulation in Docket No. UW 174.

Analysis

The RW 87 filing reports the number of customers converted to meters and the costs associated with each conversion. The Stipulation dictates that a minimum of two customers will be converted per year.

The associated costs for the conversions will be reviewed for prudence in the next rate case.

Compliance

As two customers were converted in 2021, this report complies with Paragraph 9 of the Stipulation in Docket No. UW 174, Order No. 18-488. This report was filed timely, before February 1, 2022

Conclusion

An acknowledgment letter should be sent. No further action is necessary.
