**OREGON PUBLIC UTILITY COMMISSION
(INTEROFFICE CORRESPONDENCE)**

DATE: February 1, 2021

TO: File through Michael Dougherty and Bruce Hellebuyck

FROM: Malia Brock

SUBJECT: Government Camp Water Company, RW 87, Docket No. UW 174, Meter Conversion Compliance filing per Order No. 18-488.

I have reviewed Government Camp Water Company's (Company) meter conversion compliance filing; filed as RW 87, on January 29, 2021. This filing appraises the Commission of the status of the Company's customers that were converted in 2020 from 2-inch flat rated customers to meters and the costs associated with their conversion in accordance to Condition 9 of the Stipulated Agreement in Docket No. UW 174.

The RW 87 filing reports the number of customers converted to meters and the costs associated with each conversion. The Stipulation agrees that a minimum of two customers will be converted per year; as three customers were converted in 2020, this report complies with Condition 9 in the Stipulated Agreement in Docket No. UW 174, Order No. 18-488. This advice was filed timely, before February 1, 2021.

The associated costs for the conversions will be reviewed for prudence in the next rate case.

I recommend that an acknowledgement letter be sent.
