Re: Docket No. UE 463 –Oregon Citizens' Utility Board Rebuttal Testimony of Ryan Tran, Exhibit 203 Erratum

The Oregon Citizens' Utility Board (CUB) files this erratum to the Rebuttal Testimony of CUB Witnesses Ryan Tran. This erratum is simply the addition of one document that could not be included when Rebuttal Testimony was filed due to a technical specification within the document that does not allow it to be Bates stamped or combined with any other files as a comprehensive PDF. This document supplements CUB 203, a Highly Confidential exhibit, originally filed incompletely due to the above reason.

CUB has worked exhaustively with PAC to obtain a copy of the document that could be Bates stamped and combined into one PDF for filing purposes, but PAC certifies that it is not possible to change the specifications within the document in question.

After consultation with the PUC Filing Center, and following direction from Chief ALJ Lackey, CUB has filed the addition to CUB 203 separately, as a password-secured 7-Zip file.

As it is impracticable, CUB has not included a redlined or clean version of the addition to CUB 203. Please contact me if you have any questions about this filing.

Sincerely,

/s/ Lizzie Lesch-Abhaya
