EXCHANGE SERVICES

LOCAL MEASURED SERVICE - GRANDFATHERED

Effective August 1, 2024, Local Measured Service is grandfathered and no longer available to new customers. A grandfathered service is one that is no longer sold, and availability is limited to lines currently in service at existing locations. Changes, additions, or transfers of service will not be permitted on accounts associated with these grandfathered services. You may remove a grandfathered service or listing from your account at any time. Please note, however, that grandfathered services and listings removed from your account may not be subsequently reinstated.

Conditions

1. Local Measured Service is an optional exchange service available to one-party business or residence customers, including key line and PBX trunk customers. Local Measured Service requires special central office equipment and will be provided only where facilities are available.
2. Local usage charges will not apply to calls made to the Company business office, repair service, operator, or local fire, ambulance, police or 911 numbers listed in the front of the telephone directory for reporting emergencies.
3. Local Measured Service will not be provided for Foreign Exchange, or on access lines for Fixed Remote Call Forwarding.
4. Local Measured Service calls will be billed on a direct dial basis. At the customer's option, these calls may be billed to a Calling Card, third number or on a collect basis. Operator handling charges as specified in Section 6 in the Price List will apply in addition to the Local Measured Service charges.
