Re: Tariff Advice No. 26-11
Schedule 101/Docket No. UM 1930 Community Solar Program

Attention Filing Center:

In compliance with ORS 757.205, OAR 860-022-0025, and OAR 860-022-0030, Idaho Power Company ("Idaho Power" or the "Company") submits this tariff advice proposing an update to the Utility Administration Fee contained in Schedule 101, Community Solar Tariff. Through its work with Staff in UM 1930 to reduce program administration costs, Idaho Power has identified an update to the tariff is necessary to better align the fee with the Company's current administrative costs, which are lower than originally projected.

The Company respectfully requests that the proposed updates are approved and become effective November 1, 2026.

If you have any questions regarding this filing, please contact Regulatory Consultant Kelley Noe at knoe@idahopower.com.

Sincerely,

Connie Aschenbrenner

ATTACHMENT 1

SCHEDULE 101
COMMUNITY SOLAR PROGRAM
(OPTIONAL)
 (Continued)

BILLING (Continued)Bill Credit

The Company will apply a credit to each Participant's monthly utility bill in accordance with the process and calculations set forth in ORS 757.386(6), OAR 860-088-0170, and the Program Implementation Manual. The Program Administrator will calculate the value of a Bill Credit based on the Participant's kWh Share multiplied by the Project's Bill Credit Rate. The Bill Credit can be used to offset all Eligible Expenses on a Participant's monthly utility bill. A Participant may not cash out Bill Credits.

Bill Credit Rate

The Commission will establish a Project's Bill Credit Rate at the time of Project pre-certification. The Commission has adopted the following Bill Credit Rates based on the capacity of pre-certified projects to come online in the Company's Oregon Service area. The current Bill Credit Rate can be found on the Oregon Community Solar website <https://www.oregoncsp.org/p/SubscriberResources>.

Participation Fees

The Company will apply Participation Fees, if applicable, to each Participant's utility bill in the amounts determined by the Program Administrator.

Program Fees

The Company will apply Program Fees, if applicable, to each Participant's utility bill. Program Fees will be based on each Participant's Participation Interest in the Project. Program fees (both Utility Administration and Program Administrator fees) are updated on an annual basis and posted on the www.oregoncsp.org website.

Current Program Fee Amounts:

Program Administrator Fee:	\$0.85 /kW/month	
Utility Administration Fee:	\$0.48 <u>12</u> /kW/month	<u>(R)</u>
<hr/>		
Program Fees (total):	\$1.33 <u>0.97</u> /kW/month	<u>(R)</u>

Excess Credit

If a Participant accrues Bill Credits that exceed the Eligible Expenses on their monthly utility bill, the excess Bill Credit amount will be carried forward and applied to the Participant's subsequent utility bills through the end of the Annual Billing Period. In accordance with the Program Implementation Manual, a Participant may not cash out excess Bill Credit amounts.

Annual Bill Credit Reconciliation

Under OAR 860-088-0090(2) and OAR 860-088-0170(4), a Participant is not permitted to receive Bill Credits for more energy than they consume on an annual basis. If a Participant's Participation Interest in a Project generates more energy than their annual usage, the Company will apply an adjustment charge to the Participant's next monthly bill in accordance with the process set forth in the Program Implementation Manual. This adjustment may appear on a Participant's bill 30-60 days after the end of Annual Billing Period depending on a Participant's bill cycle. Participant's annual excess generation will be calculated based on the Participant's usage and their share of Project generation during the Annual Billing Period. The Excess Credits as determined during the Annual Bill Credit Reconciliation will be donated to the Company's low-income program and valued at the as-available avoided cost rate contained in the then applicable Schedule 100, or other successor tariff schedule.
