Re: Advice No. 26-017—Schedule 103—Multnomah County Business Income Tax Recovery

In compliance with ORS 757.205 and OAR 860-022-0025, PacifiCorp d/b/a Pacific Power (PacifiCorp or company) submits for filing the following proposed tariff page associated with Tariff P.U.C. OR No. 36, which sets forth all rates, tolls, charges, rules, and regulations applicable to electric service in Oregon. The company respectfully requests an effective date of October 31, 2026.

Sheet	Schedule/Rule	Title
Sixteenth Revision of Sheet No. 103	Schedule 103	Multnomah County Business Income Tax Recovery

Purpose

The purpose of this filing is to update the Multnomah County Business Income Tax (MCBIT) Rate based on a periodic review.

Proposal

The company reevaluates the MCBIT rate periodically based on updated liability and balancing account information. As of August 31, 2026, PacifiCorp has under-collected the MCBIT tax liability by $184,624. Adjusted for projected collections prior to the proposed effective date of this tariff revision and the projected 2026 tax liability, PacifiCorp is targeting collecting approximately $237,315 from customers in Multnomah County over one year, with a proposed MCBIT rate of 0.11 percent.

Support and Impacts

To support this filing and meet the requirements of OAR 860-022-0025, the company submits proposed tariffs listed above along with the following attachments:

Attachment A—Calculation of Multnomah County Business Income Tax Rate
Attachment B—2026 MCBIT Actual and Forecast

The proposed change will affect approximately 90,000 customers in Multnomah County. The change from the current rate of –0.12 percent to the proposed rate of 0.11 percent results in a rate increase to affected customers of approximately 0.23 percent. The average residential customer

living in a single-family dwelling in Multnomah County using 900 kilowatt-hours per month will see a monthly bill increase of approximately $0.33 per month as a result of this change. The average residential customer living in a multi-family dwelling in Multnomah County using 550 kilowatt-hours per month will see a monthly bill increase of approximately $0.21 per month.

Enclosures

Proposed Tariff Sheet

Purpose

To recover from Consumers in Multnomah County the Multnomah County Business Income Tax (MCBIT) paid by the Company in accordance with Chapter 12 of the Multnomah County Code and OAR 860-022-0045.

Applicable

To all Consumers whose electric service requirements are supplied by the Company within Multnomah County.

Balancing Account

A balancing account will be maintained to accrue any difference between the Company's actual MCBIT expense and the amount collected from Consumers through the MCBIT Rate. Any over- or under-collection of the MCBIT expense will be considered when the MCBIT Rate is periodically reviewed.

MCBIT Rate

The MCBIT Rate is:

0.11% of the total billed amount to the Consumer excluding the Low Income Bill Payment Assistance Fund (Schedule 91), Public Purpose Charge (Schedule 290), and all other separately stated taxes. (I)

The MCBIT Rate will be reviewed periodically and updated as necessary to collect the expected MCBIT expense and to correct any over- or under-collection in the MCBIT balancing account.
