**SERVICE CONNECTION/NONRECURRING CHARGES**

CONDITIONS (cont'd)

Special Telephone Numbers are numbers that cannot be randomly assigned from a mechanized system. Examples include request for specific telephone numbers or choice of telephone numbers.

The charge for a Special Telephone Number is in addition to the other applicable nonrecurring charges incurred in the installation, move or change of service. One nonrecurring charge will apply for each lead number of a trunk hunting group in which a special telephone number is assigned.

The rights to these telephone numbers remain those of the Company. In the event the Special Telephone Number must be changed for Company-initiated reasons, the nonrecurring charge for a new Special Telephone Number will be waived.

NOTE: Special Telephone Numbers may be listed in the Company's telephone directory in alpha rather than numeric form at the customer's option. See Section 6 for applicable rates.

JOINT USER SERVICE

A Joint User is a person, firm or corporation authorized by a customer and the Company to share in the use of the customer's business telephone service.

CONDITIONS

  - The customer's service is disconnected.
  - The business for which the joint user service is furnished is discontinued at the customer's premises.
  - The joint user becomes a customer to business service in the same exchange.
